

## **HUMBLE BEAUTY: Skid Row Artists**

### STATEMENT OF THEME

People will create art no matter how humble the circumstances and, in return, art changes lives dramatically. All human beings are artists.

Whether trained in the academy or a self-taught outsider, the evidence is overwhelming that making art is part of the nature of human beings. To document how art calms, inspires, asks questions or provides answers -- even whole new identities -- are some of our objectives in producing HUMBLE BEAUTY.
